

You say you will and then you don't

You say you can and then you won't, or even worse -

despite your words, it turns out you never could

You say you'll do your best and you don't even try

It's a matter of priority

Maybe not for you, but for me

You choose a whim instead of truth

You dodge reality although it could be, it just might

be - it's exactly what you need

You choose to fantasize about the life you lead

It's a matter of priority

Maybe not for you, but for me

It's a matter of integrity

It's a matter of sincerity

It's a matter of priority
